Rainbow® Fiber Optic Cleaner is designed to remove contamination from fiber optic connectors, modules, and cables. Rainbow’s plastics-safe, metered formulation cleans areas and evaporates quickly, leaving no residue.

- 1-ounce metered spray (#3994) provides 40 microliters per spray for over 1,000 sprays per bottle, giving greater efficiency and less waste
- Removes dirt, grease and other contaminants
- Penetrates and evaporates quickly
- Leaves no residue
- Non-corrosive
- VOC-compliant

**FEATURES**

Evaporates completely and leaves no residue for a perfect clean every time.

Formulated for use on delicate fiber optic cable and associated equipment.
