QUICK-KILL WEED KILLER SPRAY

QUICK-KILL WEED KILLER SPRAY provides rapid knockdown and killing power for weeds and unwanted vegetation in and around buried cable closures, telephone booths, cross-connect boxes, transformer pads, and fire plugs.

The special upside-down spray button provides an easy and accurate application on unwanted vegetation in hard to reach areas.

This ready-to-use formula requires no measuring or mixing which is convenient and prevents risk of overexposure.

Contains 2, 4-D, and Bromacil. This combination insures a non-selective rapid top kill of all weeds and will also prevent future growth for up to one growing season.

QUICK-KILL WEED KILLER SPRAY is a great product for industrial plants, loading docks, parking lots, fence rows, storage yards, tank farms, and railroad sidings. Use to control and kill weeds such as johnson grass, foxtail, crabgrass, barnyard grass, dandelions, weeds, lambs quarter, and broomsedge.

EPA registered solvent-based weed killer.

APPLICATIONS:

Use QUICK-KILL WEED KILLER SPRAY in and around:

- Buried cable closures
- Telephone booths
- Cross-connect boxes
- Transformer pads
- Fire plugs
- Railroad crossings
- Loading docks
- Storage yards
