

PRODUCT:

# GEL OFF® PLUS

GEL OFF® PLUS

4217

42130

42133

42171

87042

THE BASICS:

- Rainbow's patented GEL OFF® PLUS is a unique blend of technologically advanced ingredients. It is a citrus formula that quickly and safely removes filling and flooding compounds, gels, greases, c-cement, lubricants, water-blocking compounds, and other petroleum-based contaminants from telecommunication cables, splices, and utility work tools.

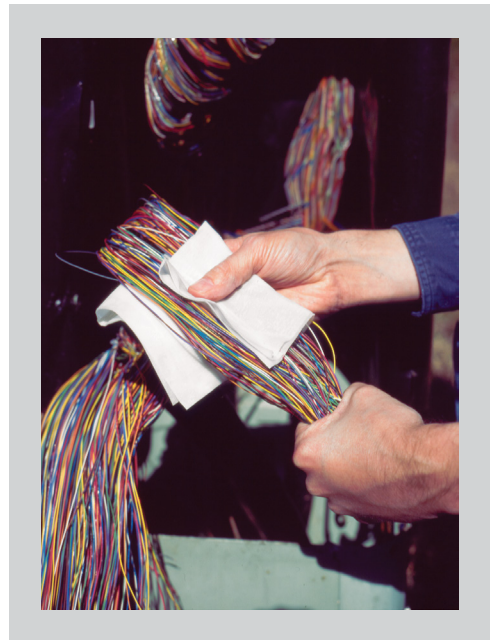

- Tests performed at Telcordia (Bellcore) prove compatibility with PIC insulation. It is the ONLY telecom cable cleaner that has been laboratory tested and shown NOT to reduce the expected service life of PIC cable when used to remove cable gels and blocking compounds from the exposed PIC insulation.

- Because GEL OFF® PLUS LEAVES A PRESERVATIVE COATING ON THE CABLE, it helps prevent PIC cable degradation.

APPLICATIONS:

GEL OFF® PLUS is SAFE for plastics and noble metals used in telecommunication equipment. Use it to clean:

- Cutter Pressers
- Gel-filled Cable
- PIC Cable
- Splices
- Utility Work Tools

RAINBOW

FEATURES	HOW YOU BENEFIT
Exclusive patented formula cleans PIC cable while leaving a preservative coating	Enhances the expected service life of PIC cable
Removes cable gels quickly and effectively	Improves worker productivity
Compatible with cable, safe on plastics	Does NOT harm plastics often found in sensitive communications equipment
High dielectric strength (48,000 volts) and high flash point (170°F)	Employee safety
Tested per Telcordia Specification	Exceeds industry standards

**TECHNICAL HIGHLIGHTS:**

Cleaning Effectiveness - Excellent  
Plastic Stress Cracking - None  
Evaporation Rate - Moderate  
Aromatic Content - None

Flash Point - 170°F  
Copper Mirror Corrosion - None  
Dielectric Strength - 48,000 volts  
Residue - Protective Coating

Rainbow Technology has confidence in the quality and effectiveness of our products. GEL OFF® PLUS meets Bell Operating Specifications of CK21446 for Petroleum Solvents, CK07860 for Petroleum Spirits, and Telcordia TR-NWT-002812 for Cable Cleaning Solvents. Test results show this product is safe for use on Noryl SEI modified PPO resin, ABS, Cyclocac T, and Polycarbonate Lexan PPC 450 plastics, and will NOT reduce but will ENHANCE the life of PIC cable. A complete report is available upon request.

**RELATED PRODUCTS:**

Rainbow Technology offers a comprehensive line of products to the utility and telecommunications industries. Users of GEL OFF® PLUS often find these other Rainbow products helpful too.

- Stormy® All Weather Corrosion Protector (4401)
- Kimwipes® (76260)
- KNUCKLES Hand & Tool Cleaning Towels (79315, 79316)
- Maxi-Tuff Clothes (7174)
- Tool Cleaner Brush (80010)
- Corrosion Wash (4495)
- Multi-Purpose Terminal Brush (4494)
- Multi-Purpose Lubricant (4403)

**MATERIAL SAFETY DATA SHEET:**

This product is only for sale to and use by service personnel. SDS available on request.

**PACKAGING:**

PRODUCT NUMBER	CONTAINER SIZE	UNITS/CASE	CASE WEIGHT	CASE SIZE L x W x H
4217	Towelettes	144	7 lbs	12" x 10.5" x 9"
42130	Quart Bottle Trigger Spray	12	25 lbs	14" x 11" x 10.5"
42133	2.5 Quart Pail	4	25 lbs	12" x 12" x 12.5"
42171	Field Splice Kit	12	3 lbs	9" x 6" x 4"
87042	20 oz Aerosol	12	16 lbs	11" x 8.5" x 10.5"

**ANSWERS TO YOUR QUESTIONS:**

Do you have a question about any Rainbow Technology product? Because we've been supplying the utility and telecommunications industries since 1971, our technical support team has the expertise to provide answers and solutions.
