GEL OFF® WS is a citrus-based water-soluble cleaning product that quickly and effectively removes sticky cable filling and flooding compounds and other petroleum-based contaminants from communication cables, splices and utility work tools.

- GEL OFF® WS contains NO chlorinated solvents, CFCs, HCFCs or other ozone-depleting compounds.

- GEL OFF® WS has been tested per (Bellcore) Telcordia TR-NWT-002812 for Cable Cleaning Solvents, and has been shown NOT to harm plastics often found in sensitive communications equipment.

**APPLICATIONS:**

GEL OFF® WS is SAFE to clean:

- Cutter Pressers
- Gel-filled Cable
- PIC Cable
- Splices
- Utility Work Tools

**FEATURES**

Rainbow Technology has confidence in the quality and effectiveness of our products. GEL OFF® WS was tested per (Bellcore) Telcordia specification TR-NWT-002812 and CK21446 for Cable Cleaning Solvents. Test results show our product meets or exceeds many requirements for the communications industry. Tested safe on plastics such as Noryl SEI modified PPO resin, ABS, Cycolac, T and Polycarbonate Lexan PPC 450.

Rainbow Technology offers a comprehensive line of products to the utility and telecommunications industries. Users of GEL OFF® WS often find these other Rainbow products helpful too.
