THE BASICS:

Rainbow® Rubber Goods Cleaner and Rubber Goods Cleaning Wipes are formulated with the safety and health of the user and environment in mind.

Both of these products were developed with the concept that being proactive in the ecological movement doesn't mean you have to sacrifice the effectiveness of your cleaning products. Rainbow® Rubber Goods Cleaner (#4405 and #44003) and Rubber Goods Cleaning Wipes (#44040) are an effective way to clean surfaces while being environmentally responsible.

FEATURES:

Both products:

- Clean rubber insulating goods such as lineman's gloves, blankets, sleeves, line hoses, live line tools*, trucks, booms, buckets and ladders.
- Are safe on most surfaces.
- Are pH balanced - 11.5 or less pH.
- Are made from environmentally-preferred ingredients.

**Live line tools must be waxed/treated after cleaning with Rainbow® Rubber Goods Cleaner*
