PRODUCT:

KNUCKLES

WATERLESS HAND CLEANER

THE BASICS:

- The effective KNUCKLES formula contains d'limonene, a natural ingredient that cleans without "solvent smell." The light citrus smell does NOT linger after hands are dry. The formula also contains generous amounts of emollients to prevent drying of the skin.
- KNUCKLES WATERLESS HAND CLEANER is available with or without scrubbers. The highly effective scrubbers in KNUCKLES WATERLESS HAND CLEANER cut dirt and other contaminants. These scrubbers with NOT scratch skin or harm polished surfaces. The scrubbers stay suspended in the formula, NOT settling when the bottle is on the shelf. If you do use KNUCKLES with water, the scrubbers will NOT clog drains.
- This truly waterless hand cleaner is ideal for use in the field. It is formulated to effectively remove cable filling compounds, icky pic, c-cement, tar, asphalt, carbon, heavy greases, and much more.
- KNUCKLES WATERLESS HAND CLEANER may be used with or without water. Simply squeeze KNUCKLES onto soiled hands, rub briskly, wipe clean, and dry. No rinsing is necessary.

APPLICATIONS:

Use KNUCKLES WATERLESS HAND CLEANER to remove all types of soil and stains including:

- Adhesives
- Asphalt
- Cable jelly
- Carbon
- Caulk
- C-cement
- Dirt
- Heavy grease
- Icky pic
- Ink
- Lubricants
- Oils
- Paints
- Sealants
- Tar
- Wax
- And more

RAINBOW

FEATURES	HOW YOU BENEFIT
Contains d'limonene	Natural citrus ingredient that cleans effectively without lasting scent or "solvent smell"
Has generous amounts of emollients, yet NO lanolin	Prevents drying skin
