SECTION 1: PRODUCT IDENTIFICATION AND EMERGENCY INFORMATION
PRODUCT (TRADE) NAME:
Phonewipe,
PhoneScent Floral,
PhoneScent Vanillas
PRODUCT IDENTIFICATION NUMBER(S):
808, 808Z, 808H, 808T
837, 837Z, 837H, 837T
838, 838Z, 838H, 837T

CHEMICAL NAME AND SYNONYMS:

CHEMICAL FORMULA:

EMERGENCY TELEPHONE NUMBERS:
CleanTex: 1-800-771-0529
CHEMTREC (Transportation): (800) 424-9300

SECTION 2: COMPOSITION AND INFORMATION ON INGREDIENTS

SECTION 3: HAZARDS IDENTIFICATION
Product is distributed as either a single use, presaturated pad, using a nonwoven applicator packaged in an aluminum foil packet or, a plastic dispenser holding up to 75 presaturated pads which are to be removed individually from the dispenser to avoid contamination. In both cases, there is no free flowing liquid, in that, all the liquid is absorbed by the applicator(s). Product is an eye irritant and can produce skin irritation with repeated exposure. The product contains ethyl alcohol therefore, exposures over 1000ppm may cause headache, drowsiness, loss of appetite and inability to concentrate, nausea and vomiting in the unlikely event of ingestion of a wipe, first aid measures should focus on removal of the object and preventing choking. Once removed, keep affected person at rest. Call physician immediately.

Carcinogenicity (OSHA/NTP/NIEHS/ACGIH):
None Listed
Medical Conditions Aggravated by Exposure:
None Listed

SECTION 4: FIRST AID INFORMATION
EYE CONTACT: Flush with water for 15 minutes, including under eyelids. Get medical help.
SKIN CONTACT: Flush with water.
INHALATION: Remove to fresh air. Restore and/or support breathing as needed. Give oxygen if breathing is difficult. Call physician immediately.
INGESTION: In the unlikely event of ingestion of a wipe, first aid measures should focus on removal of the object and preventing choking. Once removed, keep affected person at rest. Call physician immediately.

SECTION 5: FIRE AND EXPLOSION HAZARD DATA
FLASH POINT (CC): 79° F
FLASH POINT (VOC): NA
FLAMMABLE LIMITS (% BY VOLUME): LEL: NA UEL: NA
AUTOCIGNITION TEMPERATURE °F(°C): NA
EXTINGUISHING MEDIA: Fires involving Ethyl Alcohol may be extinguished using carbon dioxide, dry chemical or alcohol foam. Water may be used to cool fire exposed containers. Fine water mist may be used to smother fire or disperse vapors.
UNUSUAL FIRE OR EXPLOSION HAZARDS: Liquid may release flammable vapors which can ignite at or above flash point.

NFPA RATING:
- HEALTH: 0
- FLAMMABILITY: 3
- REACTIVITY: 0

Formulation is classified as an OSHA Class IB Flammable Liquid.
SECTION 6: ACCIDENTAL RELEASE MEASURES
Since the liquid is completely absorbed by the applicator material, and the amount of liquid per container is small, the chance of spill due to container failure is minimal. Absorb small spills with paper towels, evaporate flammable alcohol in exhaust hood and dispose of properly. If a large amount of liquid is released, all sources of ignition should be eliminated. Cleanup personnel need protection against liquid contact and vapor inhalation.

SECTION 7: HANDLING AND STORAGE
Avoid excessive contact with skin. Do not store at temperatures above 120°F. Store away from heat, sparks and open flame.

SECTION 8: EXPOSURE CONTROL - PERSONAL PROTECTION
No specific controls are required for personnel working with the presaturated pads and canisters. When working with large quantities of the liquid, eye and skin protection should be worn. Adequate ventilation should be used to maintain TLV.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

SECTION 10: STABILITY AND REACTIVITY

STABILITY: Stable mixture under normal conditions of use.
HAZARDOUS POLYMERIZATION: Will not occur under normal conditions of use.
INCOMPATIBILITIES/CONDITIONS TO AVOID: Avoid contact with acetyl chloride and all oxidizing agents. Always avoid excess heat or exposure to open flame.
HAZARDOUS DECOMPOSITION PRODUCTS: Carbon Monoxide may form from incomplete combustion.

SECTION 11: TOXICOLOGICAL INFORMATION
Not Available

SECTION 12: ECOLOGICAL INFORMATION
Not Available.

SECTION 13: DISPOSAL CONSIDERATIONS
Follow Federal, State and Local regulations.
SECTION 14: TRANSPORT INFORMATION

SECTION 15: REGULATORY INFORMATION

SARA TITLE III REPORTING:
- Toxic Chemical (Section 313): Not Listed
- Extremely Hazardous Substance (Section 302, 304, 311,312): Not Listed
  - Hazard Class: Chronic Health Yes, Acute Health Yes, Fire Hazard Yes, Pressure Hazard No, Reactivity Hazard No

TSCA INVENTORY STATUS: All components in the formulation are listed in the TSCA inventory

SECTION 16: OTHER INFORMATION
The information provided herein is compiled from internal reports and data from professional publication. It is furnished without warranty of any kind, expressed or implied. It is intended solely to assist in evaluating suitability and proper use of the material and in implementing safety precautions and procedures. Employers should use this information as a supplement to other information gathered by them and must make independent determination of suitability and completeness of information from all sources to assure proper use of these materials. All information used must be determined by the user to be in accordance with applicable federal, state and local laws and regulations.
