

DURAWIPE® Solutions

Improved performance, cost effective, & improved employee satisfaction

Designed to handle tough dirt, grease, and oil pickup, Chicopees' DuraWipe® General Purpose Wiper is your disposable towel.

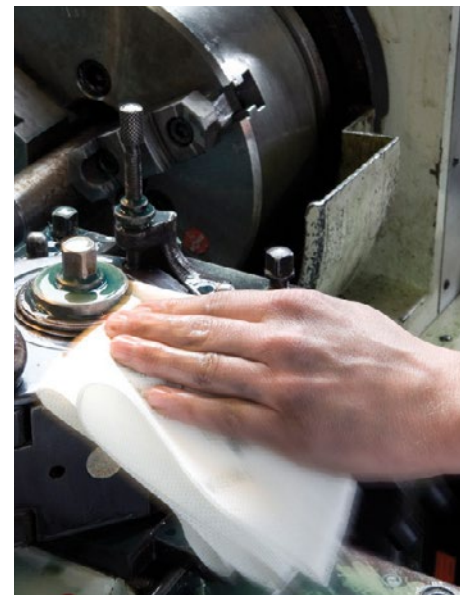

Engineered with Spinlace® technology, DuraWipes provide improved performance with a drapable cloth-like feel. This heavy duty wiper can tackle your cleaning problems with ease, offering super absorbency and solvent compatibility.

Problems

- Scrap rags may contain zippers, buttons, or other objects that can cause damage or harm to users or a process
- Rental shop towels can be expensive, contain contaminants, and leave behind lint and dirt
- Using a centralized pile of rags can become time consuming and inefficient for employees trying to find a suitable rag for a task
- Scrap rags and laundered shop towels are not engineered for specific tasks

Solutions

- DuraWipe industrial wipers provide a clean wiper every time that is strong enough for your toughest tasks, yet gentle enough for your hands and face
- Durawipe industrial wipers provide lower cost-in-use and consistent quality
- A wide range of convenient put ups provide wipers where you need them, when you need them
- Chicopee® has the broadest line of industrial wipers that are engineered to deliver the strength and efficiency you need for any task
