PRODUCT:

SILICONE SPRAY

SILICONE SPRAY
85000

RAINBOW®

THE BASICS:

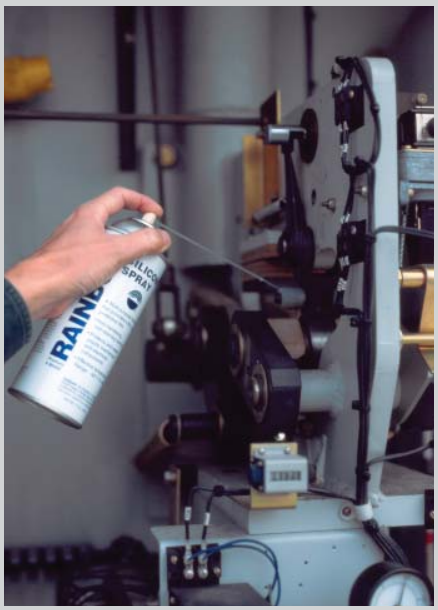

- This colorless product lubricates, waterproofs, and protects metal and non-metal surfaces with a thin, non-staining film of silicone.
- SILICONE SPRAY is an excellent lubricant and protectant for molds, motor bearings, linkages, tools, meters, locks, and other equipment.
- The low surface tension of SILICONE SPRAY results in excellent coverage and deep penetration for metal and non-metal surfaces. It is non-corrosive and non-staining. Because this lubrication does NOT harden, it minimizes development of corrosion.
- This exceptional lubricant remains effective at temperatures ranging from -40°F to 400°F.

APPLICATIONS:

Use SILICONE SPRAY to lubricate, waterproof, and protect a variety of surfaces including:

- Belt drives
- Coin operated phones
- Equipment
- Linkages
- Meters
- Mold release
- Motor bearings
- Nylon bearings
- Rubber bearings
- Tools

FEATURES	HOW YOU BENEFIT
Low surface tension	Deep penetration and excellent coverage to protect metal and non-metal surfaces
Spray is clear & colorless	Pleasant and easy to use
Safe for use on metal and non-metal tools and equipment	Save money by using a single product to clean and protect many surfaces
Non hardening lubrication	Minimizes development of corrosion
Dielectric strength of 21,000 volts	Employee safety

RELATED PRODUCTS:
