

PRODUCT:

CORROSION STOP

CORROSION STOP
86000

THE BASICS:

- CORROSION STOP is a long-term indoor/outdoor corrosion inhibitor formulated to stand up to the most severe weather conditions and offers up to 12 months of durability. It provides excellent protection for equipment subjected to heat, salt spray, chemicals, or corrosive atmospheres.
- CORROSION STOP is a waxy, heavy-duty, rust/corrosion inhibitor that contains NO silicone or chlorinated solvents and never becomes brittle. It provides a barrier that guards against humidity and performs well on all metals, rubber, most plastics, and painted surfaces.
- CORROSION STOP leaves an amber film to identify coverage and is easily removed with mineral spirits. CORROSION STOP is an excellent protector for parts and equipment subjected to long periods of storage or adverse shipping conditions.

APPLICATIONS:

Use CORROSION STOP on surfaces including:

- Electrical equipment
- Locks
- Gears
- Railroad equipment
- Marine engines
- Stored metal
- Castings
- Generators
- Battery terminals
- Pipes

FEATURES	HOW YOU BENEFIT
Long-term corrosion protection	Prevents rust and humidity from destroying equipment and metals
Aerosol delivery system	No need for spray equipment or paint brush
Easily removed with mineral spirits	No need for sanding or scraping

RAINBOW

TECHNICAL HIGHLIGHTS:

A waxy, heavy-duty rust/corrosion inhibitor
Provides up to 12 months protection
Works on all metals, rubbers, most plastics, and painted surfaces
Contains NO silicone or chlorinated solvents
