The ELECTRONIC SIGNAL LIGHT is a super bright emergency signal light.

The ultra-bright 9” ELECTRONIC SIGNAL LIGHT is powered by four super bright LED’s. The special fluorescent coated diffuser enhances the red light output. The end lens outputs strong beam for attention enhancing visibility and safety.

The ELECTRONIC SIGNAL LIGHT continuously runs for approximately 400 hours providing long-lasting visibility. The ELECTRONIC SIGNAL LIGHT provides excellent day and night visibility and can be seen from half a mile away.

The ELECTRONIC SIGNAL LIGHT features a non-slip grip handle with a water-resistant push-button switch and an “O”-Ring seal. The ELECTRONIC SIGNAL LIGHT is both waterproof and impact resistant.

A convenient wrist and belt strap comes with the ELECTRONIC SIGNAL LIGHT. An easy-to-use tri-pod Signal Wand Stand (90023) is also available.

APPLICATIONS: Use the ELECTRONIC SIGNAL LIGHT for:

- Traffic control
- Parking guides
- Security
- Construction sites
- Emergency signaling
- Military operation
- Downed line
- Work site
- Accident scene
